

Protect your investment

The extra measure of protection when a credentialed company installs an Integrity Roof System™

SURESTART™ PLUS FOR PROPERTY OWNERS

SureStart Plus Protection for property owners who are not individual homeowners and all structures not used by these individuals as their residences. (Includes, for example: corporations, partnerships, schools, condominiums, homeowner associations, and apartment buildings. Refer to CertainTeed's limited warranty for more details on "Other Ownership".)

All CertainTeed shingles carry standard SureStart protection which fully covers your shingles in the event of a manufacturing defect during the early years following installation. Once the SureStart period ends, typically after 10 years, you are covered for shingles only and at a reduced rate as the roof ages.

When a CertainTeed Integrity Roof System™ is installed, your CertainTeed SELECT ShingleMaster™ is exclusively authorized to offer you four levels of SureStart Plus, which takes traditional SureStart protection and extends coverage for up to 30 years depending on the level of protection selected. That means, in the event of a manufacturing defect, you are fully covered.

Lifetime Limited Warranty Shingles Coverage	★★★ 3-STAR Protection 20 years	★★★★ 4-STAR Protection 25 years	★★★★★ 5-STAR 10 Protection 30 years	★★★★★ 5-STAR 25 Protection 30 years
Materials & Labor	✓	✓	✓	✓
Tear-off	✓	✓	✓	✓
Disposal		✓	✓	✓
Workmanship			✓*	✓**

NOTE: XT™25 shingles carry 10 years with 3-STAR, 20 years with 4-STAR Coverage, and 25 years with 5-STAR Coverage including the features as indicated above.

Fully transferable for 10 years with 3-STAR Coverage, 12 years with 4-STAR Coverage, and 15 years with 5-STAR Coverage.

*Workmanship is covered for 10 years.

**Workmanship is covered for 25 years.

Low-Slope Roof Sections: If a project being roofed with CertainTeed shingles has a low-slope section 1,000 square feet (10 squares) or less using our Flintlastic® SA modified asphalt self-adhered roof system, or our SMARTCOAT™ liquid-applied roof restoration systems, installed by a CertainTeed Commercial Credentialed contractor, SureStart Plus extends FULL coverage for the duration of the low-slope warranted period, depending on the level of protection you choose. Residential shingles must be a minimum of one and a half times (1.5X) the amount of flat roof submitted. See Low-Slope Residential Limited Warranty for system requirements and warranty durations.

See CertainTeed's Asphalt Shingle Products Limited Warranty for complete details, conditions, limitations and exclusions. For a copy, go to www.certainteed.com or call 800-782-8777.

Integrity Roof System™

A COMPLETE APPROACH TO LONG LASTING BEAUTY AND PERFORMANCE

With as much care as you take in selecting the right contractor, choosing the right roof system is equally as important. A CertainTeed Integrity Roof System combines key elements that help ensure you have a well-built roof for long-lasting performance.

1. Waterproofing Underlayment

The first step in your defense against the elements. Self-adhering underlayment is installed at vulnerable areas of your roof to help prevent leaks from wind-driven rain and ice dams.

2. Water-Resistant Underlayment

Provides a protective layer over the roof deck and acts as a secondary barrier against leaks.

3. Starter Shingles

Starter Shingles are the first course of shingles that are installed and designed to work in tandem with the roof shingles above for optimal shingle sealing and performance.

4. Shingles

Choose from a variety of Good-Better-Best styles to complement any roof design and fit your budget.

5. Hip & Ridge Caps

Available in numerous profiles, these accessories are used on the roof's hip and ridge lines for a distinctive finishing touch to your new roof.

6. Ventilation

A roof that breathes is shown to perform better and last longer. Ridge Vents, in combination with Intake Vents, allow air to flow on the underside of your roof deck, keeping the attic cooler in the summer and drier in the winter.
